

# Fabulous Feather Fan Handout

## General Feather Fan Info

### Hot Tips:

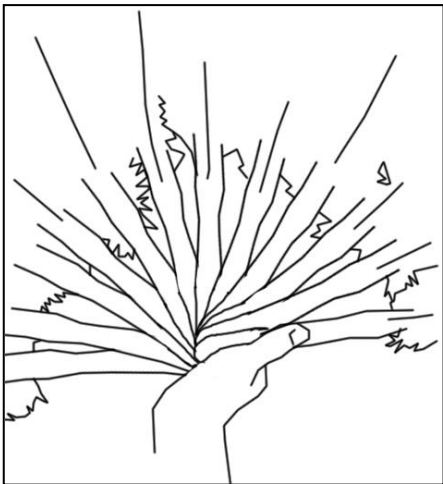

- Practice switching grips and change your grip as needed
- Take advantage of momentum and aerodynamics so you don't tire yourself out
- Practice doing tricks with opposite hands and in opposite directions
- Use steam to revitalise your feathers and make the fluffy again
- Think about the stave placement in relation to your arms
- Regularly tighten your bolts (especially if doing weaves)
- Keep in mind that feather fans are just a prop and your body should still be dancing regardless
